PUBLISHED WEEKLY AT SIERRA MADRE, LOS ANGELES COUNTY, CALIFORNIA

FRIDAY, MAY 8, 1925

Fine Play To Be Given By Children

Sierra Madre Masons will observe Education Week in Sierra Madre by a fitting pageant drama, "The Critical Hour," to be given by the Sierra Madre graduating class Tuesday night, May 12, at the Woman's club house. No admission will be charged for the play, the entire cost being paid by the Masonic Lodge.

It so happens that the entire graduating class of the Sierra Madre school is required for the play. Miss Steinberger and Mrs. Kendall are coaching the players, Miss Anderson is coaching the dancing and Miss Fowler the music. Those who have seen the rehearsals say that it is going to be well worth seeing and will rank with the best which Sierra Madre has produced in the way of plays.

The play will begin at 8:15 but the club house will probably be filled earlier, so those who wish seats should not put off their coming too long. The cast follows:

Light.....Roberta Scott
Mother Education.....Olive Sedgeman
College Girl.....Betty Berkeley
High School Boy.....Jack Young
Young Girl.....Marjorie Staples
Enemy.....Dan Parker
Public.....Edith De Temple
Queen of Fairies.....Virginia Roess
Fairies.....Rose Tartakon, Dorothy Carroll, Haidee Addis, Ruth Kaplan, Mary Shapiro, Florence Peterson.

Bats.....Robert Karicofe, John Ropp, William Kirchner, Marino Lorenzini
Drummer.....Bobb Tarr
Stage Managers.....Hirote Kaya, Perry Kirchner

This event is a part of a state wide observance of the week in the interest of the public schools. It has the endorsement of the Sierra Madre school trustees, as well as the cooperation of the school faculty.

MASS MEETING WILL BE HELD FOR CANDIDATES

There will be a mass meeting at the kindergarten building under the auspices of the school board and the Parent-Teacher's association on Thursday, May 14, at 8 o'clock in the evening. The meeting is for the purpose of getting acquainted with the various candidates for the Pasadena board of education, which controls the high school attended by the local high school students.

The election of the high school district board will occur on June 5, at which time three of the four candidates will be elected to fill vacancies on the board. The candidates are Mrs. Hoblitt, Mr. Moerdyke, Mr. Wopschall and Mrs. Deike.

WHAT HAPPENED TO JONES WILL BE GIVEN HERE

The Sierra Madre Masonic lodge will give a play, "What Happened to Jones," at the Woman's clubhouse on Thursday and Friday, May 28 and 29. The play will, without doubt, be another of the kind which has afforded so much pleasure to local people in the past. Dave Buchanan, brother of the well known Jack Buchanan, will fill the title role, and will be supported by his brother, J. N. Hawks and a number of other equally bright lights. The play is unusually funny and with the quick witted Scotchman as Jones, patrons should get more than their money's worth.

Mail Changes

Postmaster Mrs. Jessica H. Wright announces that owing to a change in the Santa Fe time card there will be a change in the arrival and dispatch of mails, commencing Monday.

The morning mail from Los Angeles, which has been arriving at 10 a. m., will now arrive earlier and will be ready for distribution at 9:45 a. m. The noon mail to Los Angeles has been discontinued and in place of it the dispatch will now close at 9:30 a. m., giving earlier service to the city.

The direct mail from the east, which has been arriving at 1:15 p. m., will now come on an earlier train and will be ready for distribution at 11 a. m.

A CORRECTION

Last week the News reported that a charter had been issued to a new bank in Sierra Madre. It has since been learned that this statement is not correct. Permission has been given for the organization of a bank and a charter has been applied for. An inspection of the territory has been made by National Bank examiners but no charter has yet been granted. The issuing of a charter must take the usual routine course and it will probably not be known for several weeks yet whether there will be a new bank in Sierra Madre.

Liquor Sale By Lorenzini Not Proven

Johnny Lorenzini, who was recently arrested on a charge of selling wine, was dismissed Tuesday upon a motion by a representative of the district attorney's office. The motion was made, according to the attorney, on the grounds that there was no evidence of a sale having actually taken place. Fey Leslie was the witness who was said to have purchased the wine and testified that he asked for a gallon of wine and when he received it, put \$3.00 in the pocket of Lorenzini's shirt. This did not constitute a sale, according to the interpretation put on the law by the district attorney, it was claimed.

The News began to wonder what disposition was made of the three dollars and it was learned that the money had been originally borrowed from Louis Dietz, city clerk, who kept a record of the numbers used and that when the case was dismissed the money was returned to him.

Many Meet At Woman's Conference

"Come Ye Yourselves Apart and Rest Awhile" was the motto of the two day Bible Conference held Tuesday and Wednesday, May 5 and 6, in Bethany Church under the auspices of the Woman's Missionary Society of Bethany Church.

The conference was opened Tuesday at 10 a. m. by Mrs. John Lowe, president of the Missionary society, and opening prayer was offered by Rev. Elwood P. Lyon, pastor of Bethany church. The committee on arrangements felt very fortunate in securing such able speakers as Mrs. Elwood P. Lyon, Mrs. C. E. Hartzell, Mrs. J. Franklin Kelly, Mrs. L. F. Turnbull, Mrs. John Lowe, Mrs. Ford Canfield, Miss Winifred Rouzee, and Miss Myrtle Scott, all of whom delivered messages that were inspiring and of great spiritual help to those in attendance.

The ladies of the Congregational church assisted in the musical part of the program and their selections were greatly enjoyed.

Luncheon was served both days at the noon hour and proved to be a time of happy fellowship with both old and new friends.

All who heard Mrs. Turnbull speak Tuesday afternoon will not soon forget her message and will be glad to know that she has promised to come to Sierra Madre again.

L. E. BOSTWICK PASSES AWAY

L. E. Bostwick, father of Mrs. Robert Mitchell of this city, passed away at the Sierra Madre hospital, Wednesday morning, May 6, in his 76th year. Since 1910 he has been an employee of the engineering department of the city of Los Angeles. He was born in Toronto, Canada, Dec. 7, 1849, the son of L. S. Bostwick, Sr., and Caroline Arnold Bostwick, Sr., and a grandson of Major G. Bostwick of the United Empire Loyalists. He came to the United States 35 years ago and has been a resident of Los Angeles for the last twenty years. He is survived by his widow and five children, all of whom, except Mrs. Mitchell, reside in Los Angeles. Funeral services were held this morning from the Episcopal church, with interment in the Sierra Madre cemetery.

FIREMEN WILL HOLD BENEFIT DANCE TONIGHT

The volunteer fire department's dance, which is to be given tonight (Friday) threatens to tax the club house to capacity, for already a great many tickets have been sold and more and more people are buying them. The selling is done by the latest improved methods for such occasions. In many cases the purchase of a ticket has saved the uninitiated motorist the penalty of paying a fine for a violation of the law which he knew he never committed.

Besides, giving the dance which is sure to be well worth the investment required by those wishing to purchase pleasure, the proceeds are going to a worthy cause. The department keeps a special service fund to replace clothing which has been ruined in service and to take care of other expenses which are incurred by the firemen while they are fighting fire.

Mr. and Mrs. Robert Steinberger of Santa Ana spent Tuesday and Wednesday the guests of Mr. Steinberger's parents, Mr. and Mrs. L. E. Steinberger, 529 West Mariposa.

MOTHERHOOD

NO HERO HAS EVER WON SO GREAT A VICTORY, NO CONQUERING ARMY HAS EVER BEEN SO COURAGEOUS, NO MARTYR, SAVE ONE, HAS EVER MADE SO GREAT A SACRIFICE; NO OTHER JOY HAS EVER BEEN SO COMPLETE, NO OTHER SORROW WAS EVER SO DEEP; IN SHORT, NO OTHER AGENCY HAS EVER BEEN FOUND BY WHICH A HUMAN BEING CAN GIVE MORE FREELY AND COMPLETELY OF ITS BEST THAN THROUGH THIS MOST SACRED OF ALL CALLINGS, MOTHERHOOD.

Trustee in Reply to Editorial

Sierra Madre News:

Gentlemen: As a member of the Board of Trustees of the City of Sierra Madre, I am unable to agree with the conclusions and recommendations of your editor respecting the Firemen's Club lot as expressed in recent issues of your paper. It appears that a former administration entered into an agreement to convey this lot to the Firemen's club in consideration of there being erected thereon a certain building of considerable proportions, a portion thereof to be available for City Hall purposes, and in addition thereto, to house the fire apparatus of the city for a certain period of time.

Instead of a trust being created and deed to the lot being placed in escrow pending completion of the agreement, the deed was immediately delivered to the club and was at once recorded. The construction of the building not having been properly financed at any time, the chief consideration for the conveyance of the lot failed and in the meantime the city has been without a title to the property and minus compensation therefor.

The club has in the interim, housed the fire apparatus at its own cost in a garage in Sierra Madre, thereby complying indirectly with a minor part of its agreement with the city. It has also constructed a concrete basement on the lot of a character unavailable for commercial or other purposes than those originally intended and therefore possessing at this time no intrinsic convertible value.

Various proposals have been made for a solution of the difficulty created by the errors heretofore made which might prevent loss to the city of the value of the lot for which proper consideration has not been received, and with the hope of minimizing loss to the Firemen's club. Among these proposals is a written one from the club to the Board of Trustees that the lot be re-conveyed to the city, the latter to assume certain indebtedness incurred by the club amounting to about \$2,000.00 for material used in constructing the said basement and in further consideration of the City obligating itself to renting certain space for city hall purposes for a period of five years or more. This proposal carried with it a commendable and honorable realization on the part of the Firemen's club that the original consideration had failed and that both a moral and legal obligation existed to return the property to the city.

A part at least of this proposal (Continued on Page Four)

Just Opinions

READ MR. PORTER'S LETTER

City Trustee E. H. Porter writes the News to set forth the position of the board of trustees on the disposal of the Firemen's Club property.

My admiration for Mr. Porter's faculty for clear analysis is as keen as my personal regard for him is cordial. But he implies a necessary divergence in his views from those I have expressed, whereas I believe the trustees can find a perfectly practical way of doing all that I have recommended.

Read Mr. Porter's letter to the last paragraph. I agree with every word as far as it goes. But let's go further.

Why cannot the city offer the lot for sale to the highest and best bidder, making as a condition of sale the early satisfactory improvement of the lot by the purchaser?

The city could well afford to accept a lower price under those conditions than to sell it to a speculative buyer who might let it lie indefinitely in its present unsightly condition. The total value of the property equals only a fraction of the damage that has been caused thereby. That damage has been inflicted upon every taxpayer in Sierra Madre, it has hampered every public enterprise that has been undertaken in years, and it has been a blight on the business community. The trustees have no higher obligation in working out the problem than that of MAKING SURE the present condition will be corrected.

ANYWAY, I ENJOYED THE BREAD

The other day I went over to the bakery. After complimenting the lady on the appetizing appearance of things, I said:

"Whole wheat, please."

She laid a loaf of bread upon the counter, I laid down 12 cents, took the loaf and departed.

Did I buy anything? I did not, according to interpretation of superior court decisions by the district attorney's office.

Ain't facts funny?

Having had some experience with bread, I believe it was bread I took away from the bakery. My family thinks so, too. But I can't swear it was bread because I am not able to qualify as an expert witness.

There was no bargaining with the lady in the bakery. I did not ask the price of the bread and she did not tell me. Therefore she did not sell me anything.

Moreover, I went to the bakery upon a dare. A friend said to me the lady would not sell a loaf of bread to a mere newspaper man. I could have bought bread elsewhere, but I

Saturday Will Be Tree Planting Day for Sierra Madre Arroyo Park Site

More Than 250 Shade Trees Will Be Set Out
With Appropriate Program to
Mark the Occasion

Saturday is tree planting day in Sierra Madre and the day will be celebrated in a fitting manner, nor will the day be marked merely with speeches and songs about trees or by speculating about how lovely it would be if trees would be planted. No, indeed! Trees are going to be planted. Hundreds of them and the sincerity of the speakers will be attested by the fact that they are speaking as representatives of organizations which are donating trees to beautify the city property on East Central.

There will be an interesting program at the city property on East Central, near the pumping plant, Saturday afternoon at 2:30 o'clock, to which every interested person in Sierra Madre is urged to be present. There will be a large number of memorial trees planted, accompanied by brief talks by representatives of civic organizations, and singing by the children of the Sierra Madre schools.

Trees Donated

Earl Topping and his committee, the members of which are J. N. Hawks, Fred Griebenow, Dennis Stovall, Tom Henderson, A. M. Udell and Ray Grant, have been busy for the last week getting donations of trees from organizations and individual citizens until it is estimated that more than 250 trees will be planted as a result of their efforts. The committee is accepting trees from any who cares to donate them, the only requirement being that the tree be of a forest or shade variety and that the donor give a tree and not money. It is the wish of the committee to have those donating trees to choose their varieties and select their own trees so that they will have a personal interest in the project.

Trees may be sent to the city hall or to the city property on Central any time Friday (today) or Saturday and will be taken care of by employees of the water department.

Water Superintendent Tom Henderson has agreed to see that these trees are cared for and that they receive plenty of water at all times from the city plant which is nearby, so that all healthy trees are almost sure to develop. Those who have no way to deliver trees to the city property may call the city clerk on the phone and the truck from the street department will call for them.

Future Park

The city owns 37 acres of ground in the arroyo on the east side of town which is being kept for water supply purposes. There are a number of features on this property which will make it ideal for park purposes and the trees are being planted with the idea that eventually the property will become a beautiful city park. The ground has been disked and a series of roads and drives have been laid out so that when the time arrives for the creation of a public park, there will be little difficulty in planning encountered.

There is no preference as to the kind of trees used, according to the committee, so long as they are not fruit trees and it is believed that the tastes of the donors will vary

took the dare. Now, if the bakery lady had known of the dare, she might not have laid the bread upon the counter when I said "whole wheat, please." Therefore, it was not a bona fide purchase, even supposing the bread real.

Again I ask, ain't facts funny?

No wonder the law is a joke and law enforcement officers get discouraged.

They have one consolation, which is perhaps a weapon. The cost of hiring a lawyer who can present the facts according to the most approved superior court interpretations, is probably as great as the penalty for bootlegging.

RIOTS ALL AROUND US

Sierra Madre had several May Day riots!

If you were awake at daybreak and did not hear the birds in their riot of song, you have ears that hear not.

If you went about town and did not see the riot of color in many gardens, you have eyes and see not. If you were fortunate enough to get away into the fields and along the arroyos, you saw the wild flowers and fresh spring growth in a supreme riot of beauty.

Can you imagine a dweller among such surroundings taking part in May Day industrial riots? Leave such disturbances to the city dweller. And let those live there who will! —G. B. M

enough to insure a good variety. Miss Jessie Ward, well known landscape gardener, prepared a list of trees for the News which will be suitable for planting and which are given as suggestions to those who do not know which kind to give. Among them the evergreens are Acacias in any variety. Camphor, Jacaranda, Live Oak, Incense, Cedar, Himalayan Cedar, Redwood, Monterey Cypress, Arizona Cypress, Catalina Cherry, Red Flowering Eucalyptus, and among the deciduous shade trees are the Locust, Umbrella, Sycamore, Poplar and Flowering Peach.

The program which will be given Saturday afternoon at 2:30 o'clock follows:

Song—America, Sierra Madre School Chorus.

Address—Mayor J. D. Sparks.

Address—Robert Mitchell, Chamber of Commerce.

Address—W. D. Keefe, Southern Counties Gas Co.

Song—Star Spangled Banner, Chorus.

Address—William A. Tate, American Legion.

Address—George S. Anderson, Community Club.

Address—R. S. Jensen, School Board.

Song—America, the Beautiful, Chorus.

Address—D. C. Ashmore, Masonic Lodge.

Address—Mrs. J. M. Steinberger, Campfire Girls.

Address—Dennis H. Stovall, Boy Scouts.

Song—California's Calling Me, Chorus.

Sierra Madre Hotel Opens On Saturday

The new Hotel Sierra Madre will open its doors to the public next Saturday evening beginning at 7:30 o'clock. The people of Sierra Madre are invited by the proprietors, Mr. and Mrs. H. A. Harmon, to come in and inspect the new hostelry and all those who have already inspected it say that there is no wonder that the proprietors are anxious to have their new neighbors see what they have brought to town.

The hotel is furnished with new furniture throughout and is as modern as any hotel of any size in Southern California. There are 29 rooms with baths, some with wall beds, others with wide double beds, and still others with twin beds, and all with pretty, comfortable furniture and thick, heavy carpets.

The dining room has not been furnished, and it will be used for dancing Saturday night. Every one is urged to come and inspect the hotel on Saturday so that they may tell their friends that Sierra Madre has a first class hotel in every particular.

May Day Shower for Miss Decker

In honor of Miss Marian Decker, whose marriage to John Shaw is to be an event of June, Mrs. C. G. Hawkins and Miss Hilda Caley entertained Friday evening with a May Day miscellaneous shower. A profusion of pink and white roses in baskets combined with foliage formed an effective decoration. Lovely little Katherine Norris presented the shower to the guest of honor in a large May basket filled with flowers and gifts. The evening was pleasantly spent with games and contests and Mrs. George Norris gave two delightful whistling numbers, after which dainty refreshments carrying the May day idea, were served. Guests included members of the Eleven and One club and Mrs. Joseph LeGuin of Alhambra, Mesdames Elbert Gipple, McCollum and Miss Ella Couch of Los Angeles, Mrs. George Dodge of Montebello, Mrs. Frey of Wilmington, Mrs. Edward Skinner of Bellevue, and the Misses Lulu and Florence Bixby and Hazel Lockhart of Pasadena.

Dance Enjoyed

The Woman's Club dance, which was given at the club house last Saturday night was one of the best of the season from a dancer's standpoint. With a five-piece orchestra to furnish the music and an interesting program arranged everyone present was very enthusiastic over the evening's entertainment.

V C

WHAT ARE THEY?

Something New.

Something made in Sierra Madre.

Something delicious and wholesome.

On sale for the first time Saturday, May 9th, by the maker at his regular place of business.

BY

MISS HELENA MARTIN

Shakespeare Club, 230 S. Los Robles

FRIDAY, MAY 8TH

10:00 a. m. Healing meeting.
2:30 p. m. Self Mastery.
8:00 p. m. The Great Miracle Workers.

SATURDAY, MAY 9TH

10:00 p. m. Healing meeting.
2:30 p. m. Cities of St. John.
8:00 p. m. Team Work.

SUNDAY, MAY 10TH

3:00 p. m. Sleep Dreams Visions.
8:00 p. m. The Holy Grail.

Voluntary Offerings

Miss Martin will see students after each lecture.

SIERRA MADRE GIRL PLACES WITH ORATION

Mary Louise Wages, daughter of Mr. and Mrs. Roy C. Wages, 89 E. Alegria, was the winner of second place at the Southern California finals of the National Oratorical contest recently at the Los Angeles high school auditorium. Miss Wages represented Franklin high school of which she is a student.

The young Sierra Madre lady ran a close second to the winner who will represent Southern California and considerably outdistanced any other girl entrant in the contest as she was the only girl who reached the finals. She had been preparing for the contest since last summer and the results proved her ability. Her subject was the "Constitution."

Mary Louise Wages has specialized in dramatic art during her high school course and expects to have a stage career when her school work is finished. This was her first oratorical contest.

Local Girl Is National Junior Swimming Champ

Sarah Schwartz, daughter of Mr. and Mrs. Preston Schwartz, 287 East Montecito, was a member of the relay team which won the 200-yard Junior National Relay swimming race for the Pasadena Athletic club at Pasadena Saturday afternoon. Miss Schwartz was already holder of the Pacific Coast junior championship as well as a number of other aquatic honors.

The winning of a national swimming event is sufficient honor for the average athlete but Miss Schwartz's victory is even more marked when it is known that she had been in training less than a week and had not been swimming regularly for some time. The time of the relay team was said to be better than the time of the senior relay team and the winners are now eligible to the senior class.

Miss Schwartz has been swimming since she was nine years old and has received most of her experience at Balboa and the local swimming pools. It is her ambition to swim in the next Olympic meet.

Ice Skates May Now Be of Use in South

The opening of the new ice palace in Los Angeles, ten weeks ago, gave to Sunny California, a new thrill, and many enthusiasts of winter sports have been enjoying immensely the real pleasures that go with "Jack Frost."

The stars of Movieland have particularly taken to the art of skating, those that could skate were there every day, bringing with them many who have since learned to glide on the silvery blades. Even the Native sons and daughters have taken heartily to this healthy sport, and every Saturday morning the school children have the time of their lives.

Walker-Klunk

One of the most notable social events in some time to take place in Sierra Madre was the wedding of Miss Gladys Walker to Charles Klunk, Jr., which was solemnized at Mia Italia, the home of Miss Thomasella Graham, Saturday afternoon with Father Bennet officiating. The day was perfect and the grounds were decorated for the occasion by Frank Monroe Smith, well known floral decorator, and the gay frocks of the bridal party lent color to the occasion. Mr. and Mrs. Klunk are spending their honeymoon in the northern part of the state, after which they will be at home with the bride's mother, Mrs. W. E. Walker, at 664 West Montecito, until their new home is completed in South Pasadena.

Radio Mystery

A fireman testing an alarm was startled to hear soft music on the line. A moment later he heard a woman singing. A full concert program followed. The reason for the music is a mystery. One theory is that the wire of the alarm is picking up from an earth line, another that it is the result of induction on overhead lines.

Didn't Worry Turtle

The lady who was not too heavily endowed with either cerebral matter or speculative fancy was visiting the zoo. The keeper, with considerable awe in his tones, informed her that the turtle there was three hundred and eleven years old. "I suppose that's awfully old," responded the unimaginative one, "but what difference does it make to a turtle?"—Exchange.

Illogical in His Anger

Doc (angry because patient has not followed his advice)—You're still drinking strong coffee three times a day! Now I'm warning you if you keep that up another half year you'll be dead inside eight days.

Flop of Star Fish.

If a starfish is turned over upon its upper surface it rights itself by bending two arms backward until they are beneath the disc and then lifting until it falls on its lower surface, says Nature Magazine. If the nerve-ring, which encircles the mouth, is severed, the animal cannot right itself.

Woman's Club Notes

Election ballots will not be sent out this year. Members may vote at the club house May 13th between the hours of 10 a. m. and 3 p. m.

Directors' meeting will be called at 10 a. m. Wednesday morning.

Wednesday, May 13, promises to be a club day of unusual interest. As it is an open meeting, all friends may enjoy the day with club members.

Luncheon will be served at 12:00. Make reservations with Mrs. L. E. Steinberger before noon Monday, May 11, phone Black 78.

Delegates who attended the district convention at Santa Barbara will give their reports during the luncheon hour.

Some of the lovely fancy novelties as well as practical articles left over from the Wistaria Fete will be for sale on Club day.

Through the kindness of Miss Minta Morgan the following program will be given Wednesday afternoon:

A-1. Bourre-Bimbor, Bach; 2a. Deep River, Burley-Taylor; b. Seguidilla, Albeniz, Genevieve Wiley.

B-1 Bayou Ballads, Lily Spickland; 2-a. The Morning Is Calling, Robert Husting Terry; b. Wings of Night, Winter Watts; c. A Song of the Open, Frank La Forge, Junia Wolff.

C Group of Humorous Selections: a. Description of a Colored Party, Paul Lawrence Dunbar; b. The Cake Receipt, A Flat Contradiction, S. Jennie Smith; c. Courting in Kentucky, F. E. Pratt; 2 Group of Miscellaneous selections: a. Her Letter, Bret Harte; b. Extras; c. Blessings on the House, Edgar A. Guest; d. Tim's Downfall, e. The Lost Heir, Thomas Hood, Lucy Chamberlain.

Over forty attended the meeting of the Drama section last Friday and were sincerely appreciative of the study of "Religion of Greece," as given so splendidly and delightfully by Mrs. H. E. Allen.

Members of the section presented Mrs. J. Glenwood Jones with a bouquet of pink roses as an expression of their love for her and of their pleasure in working with her this year.

Following the lesson, the hostesses, Miss Harriet Grant and Mrs. Finlayson, served most attractive and delicious refreshments.

The dance at the Woman's club house last Saturday evening was well attended and greatly enjoyed. The Spot dances created good fun.

"Watch Nights"

It has been the custom from time immemorial to maintain watch on the night preceding any great event. References to this are found in the Gospel of Mark 14:37, Psalms 130:6. The watch night services for the new year were popularized by John Wesley, founder of the Methodist religion, and by the Moravians, with whom Wesley was at one time affiliated.

Legion to Start Drive on May 17th

Commander Arthur T. Evans of the local American Legion Post has set the week of May 17-23 as the time for the Legion's Endowment Fund drive in Sierra Madre. Arrangements have been made for headquarters in the Chamber of Commerce office during that week. Legion and Auxiliary workers will be on duty there to receive subscriptions to the fund.

Only the proceeds from the \$5,000,000 Endowment Fund are to be used for temporary care and permanent cure of the disabled veterans of the World War and in the maintenance of "billets" for the orphans of veterans. It is provided in the trust agreement that when the income from the Endowment Fund is no longer needed for the purpose for which it is raised it will be used for purposes the most nearly the same for which the need then exists, the fund to be administered by the agency and for the purpose designated by the person who is then the President of the United States.

The other important phase of the Legion's work, the means for which will also be provided by the income from the Endowment Fund, is the care and placement of the orphans of the World War veterans. The Legion's Child Welfare department is actively engaged in securing homes for these orphans preferably with the families of ex-service men where the child may have a real home life. Billets composed of groups of cottages each with a house mother are being provided where the orphans may be taken care of until they are placed in homes.

In these billets a limited number of children, approximating a family in size, are assigned to each cottage. They are clothed individually, attend public schools, and in every way possible lead a normal home life.

Arctic Flowers.

All the flowers of the Arctic regions, of which there are 762 varieties, are either white or yellow.

LODGE TO MOVE TO NEW HOME IN NEAR FUTURE

The Sierra Madre Masonic Lodge and Eastern Star, at their stated meetings the first of this week, voted to hold their June stated meetings in the new Masonic temple on East Central. The temple will not be fully completed but the lodge hall will be ready for use and the members can be made quite comfortable in their new quarters.

Saturday afternoon, May 30, will be moving day for Masons, according to D. C. Ashmore, master of the Sierra Madre lodge. The master plans to have as many Masons as possible present to assist in the moving and the ladies of the Eastern Star will probably serve refreshments in the evening, after which there will be a sort of jollification.

The annual Masonic Ball, which has been a feature of Sierra Madre social life for a number of years, will be held later than usual this year. The date will not be set until the temple is completed, but it will probably be held some time in June.

Lutheran Church

Sunday morning services will be held at 11 o'clock in the Park house on Central avenue. The Rev. Dr. A. M. Ziegler will be in charge. The sermon theme for the fourth Sunday after Easter is "The Church as Led by the Holy Spirit."

The following Sunday, May 17, Dr. Ziegler will be in the northern part of the state in the interest of the Home for the Aged. The Rev. E. P. Schueler, field missionary, will take charge of the service.

The committee in charge of arrangements for the outing on the "Home" grounds on Grand View avenue, on Saturday, June 6, is planning for a grand rally. Sierra Madre folks will be welcome.

Happiness and Morality

The more we reflect, the more we find that happiness is exclusively a product of the moral life. Material conditions undoubtedly contribute to it, as rain and fine weather increase the fertility of the soil itself.—Jean Finot.

QUALITY SHOE REPAIRING

Congregational Church

Mother's Day will be observed next Sunday at the First Congregational church. Dr. Tate will deliver a special sermon at the morning service on the subject, "Parenthood and Youth." He will attempt to answer the questions whether the youth of today are better or worse than the youth of other generations. He will speak of the influences surrounding the home life today and the problems that confront both parents and you. Wear a flower in honor of your mother and attend church as a remembrance of her.

At the evening service the picture will center around the problems of youth and the development of a group of motherless boys. It is entitled, "The Knights of the Square Table." If you are interested in the "Boy Problem," here is an opportunity to become informed. The service with special music begins promptly at 7:30 p. m. You are invited to bring your friends with you.

Scored Ice Insures Full Fair Weight

"Scored Ice," an accurate system by which ice is machine-marked so that every piece delivered is cleanly cut and full weight; such is the new system of ice weighing and delivering adopted by the Monrovia Ice company.

Although the "scoring" of ice is something new, the "scoring" of ice men in the days when a swinging, clanking scale on the rear of the wagon meant little or nothing; days when Mrs. Brown was likely as not to get several pounds more than she ordered because a hit-and-miss whack of the ice pick chopped a chunk irregularly and Mrs. Jones, next door was cut short.

That situation, before the days of official weights and measures, has long since been rectified, according to officials of the Monrovia Ice company. They declare full weight—even over weight—has been the rule rather than the exception during the last few years.

Now, however, in order to eliminate the last possible vestige of waste, they have installed the newly developed ice scoring machine which marks off blocks into 100, 75, 50 and 25 pound pieces. These are all cleanly cut, smooth edged pieces since the ice man has but to give the marked place a clip and it breaks as evenly as though it had been molded.

Charles M. Fuller, county sealer of weights and measures for Los Angeles county, paid the highest tribute to the new plan, it is pointed out, when after a careful inspection of the new ice scoring machine, he described them as "the greatest improvement in the ice industry in many years."

"Not only do these machines assure the housewife of accurate weight," wrote Mr. Fuller, in a signed statement, "but in 97 per cent of our tests, scored ice was actually overweight." He added that "I heartily approve this new method, scored ice."

The tests made by Inspector Fuller, in which a situation of overweight was discovered, consisted, it is asserted, of weighing many different pieces of scored ice selected at random from wagons en route to customers' houses and at the plant.

Thus the days of modern adults' boyhood, when kids ran after the careless old ice wagons begging the strong-backed dispenser for an "extra chunk," are gone. With scored ice, every customer will get his full money's worth, there will be no waste, and as far as the small boy is concerned, like the coreless apple saying, "they ain't goin' to be no extra chunks."

New Trail Is Created By Ranger

By way of celebrating National Forest Week, Ranger M. H. Davis completed a new trail from the site of the Big Santa Anita dam to the ranger station at First Water last week. The new trail is only a mile and a quarter in length and shortens the travel time between Sierra Madre and First Water camp by 45 minutes.

The new trail will not be opened to hikers but will be used as a ranger trail and for emergencies such as forest fires. It starts at the end of the automobile road, where there is plenty of parking space, and with the exception of a short climb at the beginning, the trail is level the entire length. It is by far the easiest trail which has ever been built between the two points.

The trail was built from funds furnished by the cities of Sierra Madre and Arcadia and the forest service and was built as a fire protection measure. Considerable difficulty was encountered by the workers on the end near the dam, as there was a large number of workers below which hindered the blasting and other work of construction which might cause boulders to roll down the side of the mountain.

Ranger Davis is busy this week arranging for the clearing of fire breaks and the building of connecting links between already established breaks so that the Sierra Madre watershed will have all the protection it is possible to give during the coming summer months. Guards and patrols will probably be established within a few weeks so that fires may be detected as early as possible after they have started and an emergency organization has been arranged by Fire Agent A. M. Udell to suppress any fire which may threaten the local watershed.

In 1924 the federal government assisted 28 states to the amount of \$396,500 in protecting their forest lands from fire. It has been estimated that an expenditure of nearly \$10,000,000 annually—about three cents per acre per year—would fairly protect all of the state and privately-owned forest land in the United States. The Clarke-McNary Forestry Act paves the way for federal assistance to be given both to states and individual land owners.

The Misses Hazel and Ellen Howe of Pasadena visited with relatives and friends the first of the week.

Entered as second class matter at the post office at Sierra Madre, Calif., under the act of March 3, 1879

TRUSTEE IN REPLY TO EDITORIAL

(Continued from Page One)

could not in the opinion of the Board of Trustees be accepted and performed.

Subsequently other proposals have been made by the club that it sell the property to private parties at a consideration in excess of the assumed value at the time the original agreement was made, but considerably less than its present value which is perhaps \$10,000.00. One of such propositions involved the construction by the intending purchaser of a commercial building, a portion to be occupied for club purposes, the housing of the fire apparatus for a specified time and the renting by the City of space for city hall purposes for a period of not less than five years.

Another proposition provided for an outright sale of the property by the club to private parties at a price that would enable it to pay off its said indebtedness and leave a considerable sum toward providing a new club structure but would not provide any compensation to the City for the lot previously conveyed.

The Board of Trustees concluded it had no right to give away or otherwise dispose of any property of the city without adequate consideration, and that to attempt to do so would subject it to the condemnation of the citizens, and that the former error of a previous board could not justify the commission of a second and even greater error by the present board.

At a recent meeting of the Board of Trustees, the writer of this letter offered a resolution which was adopted, promising that the Firemen's club secure a loan of \$2000.00 on the lot to which it still holds legal title, and pay off its corresponding indebtedness and then convey the lot to the City subject to such incumbrance; the City to sell said lot as soon as practicable at its market value as a nucleus towards the construction of a City Hall at a suitable location and of a character that would meet the requirements of the community for many years; that when the City Hall is erected, space be provided for the Voluntary Fire Department, the housing of the fire apparatus and for other necessary uses, the Voluntary Fire Department to be enabled to cooperate with the Firemen's club for use of such space for social purposes, in the meantime the City to arrange for some practicable, suitable space for club use.

The above action was taken in recognition that the Firemen's club had up to this time performed that part of its original agreement relating to housing the fire apparatus at its expense, and that the \$2000.00 to be borrowed might be treated as an offset thereto.

Further, because of the sympathetic and sentimental side of the question involved, together with the sense of obligation and gratitude the community owes to the Voluntary Fire Department for the protection of property against loss by fire. This resolution has been verbally approved by representatives of the Firemen's club, who expressed themselves in open meeting as satisfied and the Board of Trustees are awaiting notice of official acceptance.

This is the best solution of the matter which a majority of the Board of Trustees felt it could authorize, and that it possessed no legal or moral right to agree to any other disposal of the property of the City, whether the legal title was held by it or otherwise.

The erection of a building as stressed in your editorials is one thing, the question of how it may legally be done is quite another. Certainly the trustees have no right to contribute the property of the City to private parties for that purpose, the City surrendering for all time, all right and equity therein.

May I ask that you kindly give this reply the same degree of publicity as you have to your editorials?

Very respectfully,

E. H. PORTER.

Be Ready to Put Out Fire

Having a fire extinguisher on hand may mean the saving of valuables. You can make one yourself. All you have to do is to dissolve 20 pounds of common salt and 10 pounds of chloride of ammonia in 7 gallons of water. Pour this into thin glass quart bottles, cork well and seal to prevent evaporation. When you discover a blaze throw a bottle into the flame with sufficient force to shatter it or break off the neck of the bottle and scatter the contents on the fire.

Largest Man on Record

Miles Darden, who at the time of his death, in Tennessee in 1857, weighed more than 1,000 pounds, is said by some authorities to have been the largest man of whom there is any record. He was 7 feet 6 inches in height, and at the age of forty-seven weighed 871 pounds. He was fifty-nine years old when he died.

Neighborhood NEWS

Albert F. Hensley spent the week end at Slide Lake in the San Bernardino mountains, fishing for trout.

G. S. Langworthy went to San Gabriel canyon Friday to try his luck with the trout. He caught the limit.

William Summersgill, Greer Caskey and son, Harry Caskey, spent the latter part of the week, fishing for trout in West Fork.

George Oswald has purchased a new Hudson coach for use in his real estate business.

Fred Haas is making some improvements on the front of his barber shop this week.

George H. Cox and George Hapgood went trout fishing Friday near Mojave.

L. C. Tucker opened the fishing season this year by catching the limit in the West Fork.

Mr. and Mrs. Tom Flather of Redondo Beach spent Monday in Sierra Madre looking after property interests and visiting friends. Mr. and Mrs. Flather expect to build in Sierra Madre this fall.

W. E. Pratt went to San Diego county Friday to fish for trout.

W. S. Pinkerton, Harold G. Williams and Frank Merrill went trout fishing in the Big Santa Anita Friday. All reported fine luck.

Harry Buckingham, who has been in Hanford for the last month suffering from a fractured skull, returned to his home in Sierra Madre Saturday night. Mr. Buckingham will be able to return to his work in El Monte in about 30 days.

Miss Helen Doak of Alhambra was the week end guest of Miss Marjorie Thomas, 251 South Baldwin.

Victor Hill spent Friday in the East Fork of the San Gabriel, trout fishing. Vic caught the limit, of course.

Mr. and Mrs. O. E. Emley spent Friday and Saturday in Bear Canyon trout fishing.

Frank Hildebrandt and E. P. Bradford went to Big Bear on a trout fishing trip Friday.

O. R. Good, special agent of the Standard Oil company at Monrovia, was in Sierra Madre Friday in the interest of the Elks lodge, which will take part in the Monrovia day celebration. A large number of Sierra Madre men belong to the lodge in Monrovia.

Mrs. Josephine Woodward left Sunday for her home in Kent, Ohio, after spending several weeks in Sierra Madre visiting Mr. and Mrs. Frank E. Cox.

Gordon and Harold McMillan went to Convict Lake Friday on a trout fishing trip.

PUBLISHERS ARE ORGANIZED ON BUSINESS BASIS

The Southern California Editorial association is now organized on a business basis and as such expects to center its activities on business problems of mutual interest to its members, rather than to engage in junkets or social activities. Members of the executive committee at a recent meeting adopted a resolution to the effect that hereafter the association as an organization, would participate in only such activities, trips and junkets or gatherings as the association itself may arrange or sponsor, consisting of an annual outing and an annual business meeting.

Because its membership represents varying community, political and other affiliations, the association as an organization will not give its official recognition to activities that might have for their purpose the gaining of influence for any individual community as opposed to other communities or the gaining for corporations, individuals or organizations, the influence and editorial support of the members of the association.

All activities, trips or junkets, except those sponsored and arranged for by the association, will be left to the individual decision of each publisher as to whether he wishes to participate in them.

The association has opened its business office at 515 American Bank building, Los Angeles, with Ben H. Read as managing director in charge and will function for the newspapers in the territory from Fresno south, much as a chamber of commerce does for its community.

Big Bear Has Best Opening in Its History

Phil Carter came down from Big Bear Lake the first of the week after watching the fishing season open at that popular resort. Phil went out early Friday morning and had the limit before 7:30, after which he was free to give his guests at the camp all the attention they needed. Never in the history of the resort, Mr. Carter says, has there been such a crowd on opening day and never have the fish been more playful.

F. C. Scalzo is making an addition to his home at 145 East Central. He is moving the present house so that it will be in the rear of the house as it will be when improved.

Wyman Graves of Colton was a business visitor here Monday last.

N. T. Olsen spent the week end in Sierra Madre visiting his parents, Mr. and Mrs. Martin Olsen, 20 South Baldwin. Mr. Olsen is now located in San Francisco.

Mr. and Mrs. W. S. Hull went to Laguna Beach Sunday to spend the day visiting relatives.

John E. Cox spent Saturday in Sierra Madre visiting his father, Frank E. Cox. Mr. Cox is now employed at the 4S bakery.

Mrs. Blanche Muskrath attended a meeting of Eastern Star Matrons in Los Angeles Saturday afternoon.

Around Our Town

Mr. and Mrs. John Osgood went to Wrightwood in the San Bernardino mountains Sunday. Mr. Osgood has a contract for some extensive improvements in the new resort.

Dean W. C. Shaw is building a new home at 118 East Laurel. The dean was able to visit the site the first of the week, which is the first time he has been away from home for several weeks.

Mrs. Daisy Barbour has invented a new animal which she calls the Carnivora Camphora. This strange creature is said to inhabit camphor trees and generally travels in pairs. She sold them with considerable success at a recent food sale given by the Congregational church, though they are not considered good to eat.

Mary Floyd, small daughter of Major and Mrs. C. S. Floyd, 75 Bonita, had her tonsils removed at a Los Angeles hospital Friday. She is now getting along nicely.

Mr. and Mrs. Clyde Muskrath and Mrs. Eva Holbert spent Sunday afternoon and evening in Long Beach visiting friends.

Mr. and Mrs. C. W. Jones spent Sunday at Laguna Beach visiting with friends.

The Sierra Madre Hardware company is offering ice cream freezers at a special sale price for Saturday. The price is given in another part of the paper.

Mrs. Maybelle Hawkins and Miss Hilda Caley held a trousseau shower at their home, 233 Ramona, Friday night in honor of Miss Marion Decker.

W. S. Hull is starting a new home this week on West Montecito in the Miller tract.

A. J. Guerio is building a new sleeping porch and garage at 625 East Grand View.

Mr. and Mrs. N. W. Tarr spent the latter part of the week visiting friends and relatives in northern California towns.

John McDonald, who has been living in Sierra Madre for several months, is on his way to Paris, where he will visit for some time with his sister. He expects to return to Sierra Madre in the fall.

Mr. and Mrs. John W. Simpson, Mr. and Mrs. Walter Spencer and Miss Helen Johnson of San Bernardino were motor visitors here for a short time Monday. They were on their way to Los Angeles where they expect to spend about two weeks visiting with friends and relatives.

Hand Picked Paramounts At Wistaria

"What's in a Name?" queried Shakespeare rhetorically a few hundred years ago, and answered his own question by pointing out that "a rose by any other name would smell as sweet." But a prominent film actor believes that Shakespeare was wrong, and so, the "Johnny Jones" of stage and screen has become Edward Peil, Jr. The transformation took place when Edward signed his name to a contract by the terms of which he became one of the featured players in "The Goose Hangs High," the new James Cruze photoplay for Paramount. As "Johnny Jones," he worked in dramatic productions, was a member of the little Theater stock company of Los Angeles, and played extensively in vaudeville. He was the hero of Booth Tarkington's "Edgar" series for the screen, and starred in others. "The Goose Hangs High" comes to the Wistaria May 10 and 11.

Ann Pennington, of the Ziegfeld Follies, who appeared in a house party sequence in the Paramount picture, "Manhandled," starring Gloria Swanson, has made another venture into the movies in "A Kiss in the Dark," also a Paramount, which comes to the Wistaria on May 13. Adolphe Menjou, Lillian Rich and Aileen Pringle are featured in the production, based on Frederick Lonsdale's stage play, "Aren't We All." Miss Pennington is again an entertainer at a house party in this production. The feathers sure fly when Kitty Kelly, of the "Mary Jane McKane Company" also in the cast of "A Kiss in the Dark," accuses Ann of flirting with her man. The girls go to it, and it's a real laugh.

According to the Baroness de Hedemann, a sure-enough noble woman who plays the part of a lady in waiting in Gloria Swanson's new Allan Dwan Paramount production, "Her Love Story," the star is "a perfect pocket edition of Venus—a charming delightful personality who reminds me of the most beautiful Princess of the time when flappers were not in vogue—Queen Marie of Roumania. Miss Swanson has the same graceful rhythm and harmony in her movements, and the same unsophisticated mannerisms." And if there's a bit of doubt in your mind about this why not take in the picture at the Wistaria theater next Thursday.

The photoplay of "The Call of the Canyon," a Paramount picturization of the novel by Zane Grey, which comes to the Wistaria theater next Saturday, was done by James Howe who also made "The Woman with Four Faces." Mr. Howe has the distinction of being the only Chinese cameraman in the industry. He was chief cinematographer for Herbert Brenon on "The Rustle of Silk" and a score of other successes. Richard Dix, Lois Wilson and Marjorie Daw are featured in the cast of "The Call of the Canyon," a pleasing action-romance of the West, directed by Victor Fleming.

John McDonald, who has been living in Sierra Madre for several months, is on his way to Paris, where he will visit for some time with his sister. He expects to return to Sierra Madre in the fall.

Mr. and Mrs. John W. Simpson, Mr. and Mrs. Walter Spencer and Miss Helen Johnson of San Bernardino were motor visitors here for a short time Monday. They were on their way to Los Angeles where they expect to spend about two weeks visiting with friends and relatives.

The photoplay of "The Call of the Canyon," a Paramount picturization of the novel by Zane Grey, which comes to the Wistaria theater next Saturday, was done by James Howe who also made "The Woman with Four Faces." Mr. Howe has the distinction of being the only Chinese cameraman in the industry. He was chief cinematographer for Herbert Brenon on "The Rustle of Silk" and a score of other successes. Richard Dix, Lois Wilson and Marjorie Daw are featured in the cast of "The Call of the Canyon," a pleasing action-romance of the West, directed by Victor Fleming.

CHICKEN DINNER

Never have Gloria Swanson's emotional fire and acting genius been seen to such advantage as in her Paramount picture, "Her Love Story"

Gloria Swanson and Ian Keith in "Her Love Story"

Gloria's handsome new leading man, Ian Keith

"I love you, but you must go!"

"HER LOVE STORY"

IN "Her Love Story," Gloria Swanson offers another delightful proof of her beauty, acting genius and amazing versatility. In direct contrast to the French-apache rôle she had in "The Humming Bird" and the shop-girl part she enacted so well in "Manhandled," Miss Swanson plays in "Her Love Story" a beautiful Balkan princess who undergoes dramatic adventures to hold the man she loves.

An innocent maiden reared amid the extravagances of a profligate court, Gloria, as "Princess Marie," is forced by her stern old father to accede to the wishes of the King of a neighboring land and marry him, though she is passionately in love with a handsome young Captain of the Guards. The two young lovers are secretly married by a gypsy, thinking to forestall the King. However, the King marries his Princess anyway. When a child is born, the child of the Princess, now the Queen, and her guardsman-lover, this appealing love-drama mounts rapidly to its enthralling climax.

The story was adapted from Mary Roberts Rinehart's new "Cosmopolitan Magazine" serial and novel, "Her Majesty the Queen."

A tale of sweet-heart love and mother love

"My child!"

Mary Roberts Rinehart's poignant romance beautifully filmed

Gloria has the rôle of a princess

ZEROLENE
even if it does
COST LESS

Where are the SUPERSTITIONS OF YESTERYEAR?

Superstitions don't last long, especially when it costs money to believe in them.

For example, the majority of western motorists have long since stopped paying tribute to the superstition that there is something mysteriously "better" about "eastern" motor oils merely because they cost more and are made in the East.

Zerolene is First Choice of Western Motorists

Zerolene lubricates more motor cars in the Pacific Coast states—high and low priced cars alike—than any other oil made. Six out of the seven trophies in the 1924 Yosemite Economy Run were won by Zerolene-lubricated cars. The "anti-western" oil bogie simply doesn't hold up. Zerolene increases gasoline mileage, reduces upkeep costs and lengthens engine life, in high priced cars and motor trucks alike.

Why pay tribute to a superstition? **Insist on Zerolene even if it does cost less.**

Get the Facts!

A series of independent and impartial reports showing the experience of large users with Zerolene has been collected in our booklet, "Why Pay Tribute to a Superstition?" Ask any Standard Oil Company representative or Zerolene dealer for a copy.

7:15 p. m., Wednesdays, Knights of St. Paul.

Services at this church are at present in charge of the Rev. Martin D. Kneeland of Los Angeles. The parish cordially welcomes the public at all its services. The church will always be found open for prayer and meditation.

Shepherd's Important Find

The existence of silver in Peru, South America, was discovered accidentally in 1630 by a shepherd, tending his flock at Cerro de Pasco, who was amazed to find stones, under a fire he had built, melted.

Indispensable Metal

Copper now is indispensable and outshines gold and silver in all practical purposes. Should our supply of copper fail, almost all mechanical transport would cease.

NOTICE TO CONTRACTORS

Public notice is hereby given that sealed bids will be received by the City of Sierra Madre, California, until 7:30 p. m., Thursday, May 14th, 1925, for furnishing and delivering one Centrifugal Pump, 675 G. P. M. capacity 370 feet head and One 100 H. P. Electric Motor, on concrete foundation at the Mira Monte Reservoir No. 3, in Sierra Madre, California, according to specifications adopted by the Board of Trustees of said City, and on file in the office of the City Clerk of said City, which said specifications are hereby referred to and made a part of this Notice. Copies of said specifications may be obtained at the office of the City Clerk of said City.

All bids must be made on forms which will be furnished by the City Clerk.

A certified or cashiers' check on some bank in the County of Los Angeles, payable to the order of the President of the Board of Trustees of the City of Sierra Madre, for a sum equal to five (5%) per cent of the amount of the bid, or a bond for said amount and so payable, signed by the bidder and two sureties, who shall qualify before any officer competent to administer an oath, in double the said amount and over and above all statutory exemptions, must accompany each bid as a guarantee that the bidder will enter into a contract, if awarded to him, in conformity with his bid.

The successful bidder will be required to give bonds in the amount equal to twenty-five (25%) per cent of the contract price for the faithful performance of his contract, as provided in said specifications.

The Board of Trustees reserves the right to reject any and all bids hereunder.

By order of the Board of Trustees of the City of Sierra Madre, California.

L. DIETZ,
City Clerk of the
City of Sierra Madre.
Sierra Madre, California, April 24th, 1925. 31-32

NOTICE OF PUBLIC WORK

PUBLIC NOTICE IS HEREBY GIVEN, that on Thursday, the 26th day of March, 1925, the Board of Trustees of the City of Sierra Madre, California, did, at its meeting on said day, pass a Resolution No. 241, declaring its intention to order the following street work to be done, to-wit:

Section 1. That the public interest and convenience require and that it is the intention of the Board of Trustees of the City of Sierra Madre, State of California, to close up, vacate and abandon for street purposes all that portion of LOWELL AVENUE, in said City of Sierra Madre, described as follows, to-wit:

Beginning at a point on the south line of Lowell Avenue, where said south line is intersected by a line distant twenty-five (25) feet easterly from, and parallel to, the westerly line of Lot 16, Block B of the Central Tract, as per map recorded in Book 30, Page 14, Miscellaneous Records of Los Angeles County, California, prolonged southerly across said Lowell Avenue; thence north-westerly along the arc of a curve concave to the north and tangent to said south line of Lowell Avenue, having a radius of 157.59 feet, a distance of 77.21 feet; thence north-westerly along the arc of a curve concave to the south, having a radius of 97.59 feet, a distance of 47.82 feet; thence westerly along the center line of Lowell Avenue, said center line being distant 30 feet southerly from and parallel to the southerly line of Lots 17 to 21 both inclusive, and the southerly line of Lot 1 of said Central Tract, to the easterly line of Baldwin Avenue; thence southerly along said easterly line of Baldwin Avenue to the southerly line of said Lowell Avenue; thence easterly along the said southerly line of Lowell Avenue to the point of beginning.

Reference is hereby made to said Resolution of Intention No. 241, on file in the office of the City Clerk of the said City of Sierra Madre for further particulars, and for description of assessment district.

A. M. UDELL,
Street Superintendent of the
City of Sierra Madre.

Central Avenue at Baldwin

Around Our Town

Mrs. Samuel E. Stork, president of the Sierra Madre Woman's club, who has been ill for some time, is reported to be well on the way to recovery.

Mrs. Frank La Moss, wife of Prof. La Moss of Leland Stanford University, is visiting at the home of her sister, Mrs. E. L. Jackson, 55 N. Auburn.

George Dyer, who recently returned from the east to make his home in Sierra Madre, suffered a badly sprained ankle a few days ago while working at his home.

Theodore Koch and Fred Pagenkopf went trout fishing near Forest Home Friday. Both men caught the limit and some of the finest specimens yet exhibited.

Mrs. Fred Pagenkopf, who recently underwent an operation at the Sierra Madre hospital, is reported to be improving.

Mrs. McKane of Pasadena spent Monday in Sierra Madre visiting her daughter, Mrs. Arnold Nelson of Sierra Madre Canyon Park.

Jack Hosford went to Lancaster Wednesday to open a drafting and designing business. Mr. Hosford is an architectural draughtsman and has considerable experience in this line of work.

Two car-loads of young people went to Long Beach Friday night to attend a picnic given by Mrs. C. A. Cover to the members of the League of American Youth of the Congregational church.

The Priscillas will be entertained by Mrs. Arthur Elwood on Thursday, May 19, at the home of Mrs. George Humphries, 81 East Grand View avenue, at 2:30.

W. D. Keefe, district manager of the Southern Counties Gas company, and Frank H. Bivens, formerly district manager here but now of Riverside, were in Sierra Madre Wednesday on business for the gas company. Mr. Keefe's office is in Monrovia.

Mrs. Hortense Hill and Mrs. D. M. Taylor were delegates to the conference of Congregational churches in Long Beach the first three days of this week.

Ed Foster spent the week end trout fishing near Bishop. He reports the fishing not so good in that vicinity this year.

Ole Hanson of Los Angeles was in Sierra Madre Wednesday visiting his son, Ole Hanson, Jr., and looking after property interests here.

H. C. Keating of Long Beach is spending a month in Floydana cottage in Sierra Madre Canyon Park.

The Montgomery cottage in Sierra Madre Canyon has been sold by Professor Montgomery to a club of police officials at Compton.

Mr. and Mrs. Robert Gore and family of Long Beach are spending a month at Steppin cottage in Sierra Madre Canyon Park. Mr. Gore is an official of the Long Beach post office.

About 800 pupils of the Los Angeles schools came to Sierra Madre on special Pacific Electric trains Thursday to spend the day in the hills on a nature study outing.

Mr. and Mrs. C. E. Carter of Long Beach are spending this week in Sierra Madre Canyon Park at one of the Harrington cottages.

Mr. and Mrs. Roland Adams went to Los Angeles Wednesday evening to skate at the new Palais de Glace, which is fast growing into popularity as an ice skating rink. Mr. and Mrs. Adams say they enjoyed their visit very much.

Meetings of the Yulani Camp Fire Girls have been changed from Monday to the first and third Wednesdays of the month. Therefore the next meeting will take place on May 20. Be sure and come; bring your marked honor sheets so you can receive the honor beads.—Margaret Butsch, Press Chairman.

Mr. and Mrs. H. H. Armistead, 101 East Alegria, are looking forward to a visit from Mrs. Armistead's mother, who will arrive in Sierra Madre from Nashville, Tenn., in June.

Mrs. Stella Dennison entertained with a party Wednesday night in honor of Miss Marion Decker, whose wedding to John Shaw takes place early in June. The guests communicated with each other before the affair and turned it into a shower. About twenty were present.

SIERRA MADRE TRANSFER CO HAS NEW VAN

Charles Askew of the Sierra Madre Transfer company has purchased a new padded van for use in moving furniture. This van is built on the latest lines with a stationary cover and padded sides so that furniture being moved will not suffer from either scratches or bad weather. Mr. Askew also added a full stock of packing quilts to his moving equipment for use with the van.

Cordial Canine

Eldred had been visiting the new boy in the neighborhood and on arriving home he enthusiastically said to his mother: "My, but Dicky was nice to me, and his dog Rover treated me just like a brother."—Boston Transcript.

Platinum Coins

In coinage, platinum was first used in counterfeiters of gold coins. From 1828 to 1845 a bona-fide platinum coinage was struck in Russia, the coinage containing some 2 per cent of iridium. A three-ruble piece was worth \$2.32 of our money, but at the present value of platinum it would bring \$35.

Not for the Garden

Land tortoises are often purchased by amateur gardeners under the misapprehension that they will clear the garden of insect pests; they are really vegetarians with a special weakness for lettuce.

Wisdom in Suffering

He is wise who at last sees in suffering only the light that it sheds on his soul; and whose eyes never rest on the shadow it casts upon those who have sent it towards him. And wiser still is the man to whom sorrow and joy not only bring increase of consciousness, but also the knowledge that something exists superior to consciousness even.—Maurice Maeterlinck.

Great War Feet

In 1716 the Swedish military authorities moved overland, on rollers, two war galleys, five large boats and one sloop from Stormstad to Idertjol, a distance of 14 miles, in an attack on Frederikshall, Norway.

Famous London Spot

Cripplegate, London, England, was so called from the lame beggars who sat there as early as the year 1010. The gate was rebuilt by the brewers of London in 1244; and was pulled down and the material sold for £91 in July, 1760. On November 12, 1874, the poet John Milton was buried in the church then standing near Cripplegate.

Weight of Eggs

The Department of Agriculture says that there is no government standard for the weight of an egg, as the weight varies considerably. However, eggs that are of a good average size usually weigh 24 ounces a dozen. Smaller eggs weigh as low as 18 ounces a dozen, and some exceptionally selected size eggs weigh 32 ounces a dozen.
